The MAX Connect is an easy-to-use, yet powerful, BYOM room solution. Now participants can use their own devices to share and interact with content, control room AV equipment, and join UC meetings using their app of choice — including Microsoft Teams and Zoom. With MAX Connect, users have unprecedented control over their collaboration experience, leading to more productive meetings and enhanced engagement, ideation, and decision making.

*Biamp Launch optimizes and tunes the system to the room’s unique environment.
**Biamp Workplace compatibility is pending and will be enabled via firmware update.
