The Desono EX-S10, the largest member of the EX Series, 10 inch two-way surface mount loudspeakers provides excellent musicality with deep LF extension. It’s perfectly suited as the front-of-house in small venues or used in distributed applications without subwoofers. Designed for easy and fast installation, our innovative, patented ClickMount brackets provide installers with two distinct mounting options. The ClickMount pan/tilt bracket provides indexed aiming control and allows for mounting EX Series quickly in either vertical or horizontal orientation without moving the bracket position. The ClickMount U-Bracket is also available for low profile mounting or exterior use and includes the ClickPlug with and integrated gland nut for weather-resistant applications. Both brackets are theft and tamper resistant. Black.
