# Cena: 59.880,00 rsd

Bowerst & Wilkins PX& Dark Forest - Bežične slušalice

# A new reference in headphones

Px8 combines its high-resolution 24-bit DSP with allnew 40mm Carbon Cones that deliver outstanding resolution. By reducing distortion and improving high-frequency detail, the Carbon Cone captures nuances in your music that other headphone drive units miss – and in Px8, that means more of the music that matters, more of the time.

# **Angled Carbon Cones**

Px8's precisely angled Carbon Cone drive units improve stereo imaging, and deliver reduced distortion and massively improved clarity. Coupled to a fully optimised drive unit 'motor system', with revised magnet, voice coil, and surround, the result is unparalleled accuracy and realism.

# High-resolution sound with advanced DSP

Px8 uses aptX<sup>™</sup> Adaptive wireless technology and powerful Digital Signal Processing to ensure outstanding 24-bit high-resolution sound quality from suitable streaming services. You can also connect to your laptop via USB to enjoy high-resolution streaming.

### Cancel the noise, not your music

Px8's proprietary noise-cancelling technology ensures outstanding performance with no impact on musicality. Six microphones work together to deliver the best results, both for noise cancellation and clearer voice calls.

#### Comfort, for longer

Px8 features luxurious materials and purposeful design. Its aluminum arms are supremely light and stiff for superior durability: its sumptuous Nappa leather combines with perfectly crafted memory foam earpads to provide effortless all-day comfort plus supreme durability. Diamond-cut bright metal detailing perfectly finishes the luxurious, premium look.

The music you love, instantly. Use with the Bowers & Wilkins Music app for ultimate, seamless, simple connection.

Net weight	320g (without carry case)
Dimensions (Carry Case)	189mm (w) x 63mm (d) x 233mm (h)
