KEY FEATURES
• New ground-up C3 (pronounced ‘C-cubed’) Continuous Curved Cone™ mid/bass profile ensures superior bass dynamics and smoother integration with the high frequency driver.
• Based on design principles found in the newest Concept series, the hermetically sealed high frequency driver unit is mechanically isolated from the baffle, preventing modulation from the mid/bass driver.
• Low colouration cabinets with P2PTM (Point to PointTM) bracing, minimising low-end reverberation to improve the stereo image and soundstage.
• HPETM (Helmholtz Pressure EqualiserTM) tubes disrupt the build-up of standing waves, smoothing the frequency response and reducing distortion
• Boasts a clean and contemporary aesthetic with sophisticated satin metallic driver trims.
• Available in four new finishes: Pin Oak, Claro Walnut, Satin White, Satin Black.
