adastra RMC-2150

Šifra: 19571
Kategorija prozivoda: Razglasna Pojačala
Proizvođač: Adastra

Cena: 57.240,00 rsd

RMC-2150 is a multi-format playback amplifier for users that need to play music tracks from a variety of recorded media. A slot feed CD player, USB audio player, DAB+/FM tuner and Bluetooth receiver offer a comprehensive set of playback options. Powered by an internal class-D amplifier section, delivering 2 x 150W to a pair of SPK sockets for easy connection. The front panel has level controls for a range of microphone and line inputs enabling voiceovers, announcements, and external audio sources to be mixed to the outputs. Main output is governed by a master volume control and bass & treble EQ controls. A line level mix output is provided on RCA connectors along with a REC output and a player output. Perfect for installations in fitness suites, café bars, leisure venues and even racked with other equipment in a mobile setup.

Slot feed CD player
Bluetooth receiver
USB audio player
