NOVATION Launchkey 49 MK4 White - MIDI klavijatura **Key**

Features

- Chord and Scale modes
- Powerful integration with all major DAWs
- Eight endless rotary encoders
- Nine faders and buttons
- Semi-weighted keybed
- 16 velocity-sensitive pads
- Pro-grade software bundle

The Creative Controller

Made for creative music makers, the new Launchkey puts deep DAW control, Ableton Live sequencing, and a generative arpeggiator at your fingertips — with chord and scale tools, a pro-grade software bundle, and a re-engineered design that feels like an instrument.

Play music. Get creative.

Control your software and unlock new musical ideas with the new Launchkey. Play instinctively with Scale, Fixed Chord, and Chord Map, shape evolving rhythms with the arpeggiator, and take hands-on control of your DAW to turn inspiration into tracks.

16 Launchpad-style pads

For finger-drummers, Launchkey 49 White features our patented, velocity-sensitive FSR pads with polyphonic aftertouch. Each pad uses a unique radial sensor for greater sensitivity and consistency, delivering tighter, more expressive performances. They can also be set to trigger chords or individual notes with polyphonic aftertouch.

Play it like an instrument.

From the semi-weighted keybed to the intuitive hardware controls and built-in creative tools, Launchkey 49 White has been designed to remove the obstacles you face when writing music, helping you stay focused and inspired to bring new ideas to life.
