

Koss PORTA PRO 2.0 Wireless

Šifra: 22334

Kategorija proizvoda: Wireless Slušalice

Proizvođač: KOSS

Cena: 11.880,00 rsd

Introducing the next generation of Porta Pro® with Wireless Bluetooth 5.2, USB-C charging, Analog Audio Pass Through for wired listening, on-board microphone and controls for taking calls/controlling music and up to 20+ hours of battery life, all in the same durable, lightweight legendary design as the original.

The Porta Pro® Wireless Bluetooth headphones feature a rechargeable lithium-ion battery that can last 20+ hours.

An integrated microphone and controls give users the ability to talk wirelessly on the phone, record audio and control their source device*.

Like the Porta Pro® Classic headphones, the Porta Pro® Wireless Bluetooth headphones have adjustable temporal pads to relieve pressure on the ears. Its lightweight, open-air cushions for hear-through sound keep listeners aware of their surroundings while delivering exceptional sound performance. Oxygen free copper voice coils and dynamic elements allow the Porta Pro® Wireless Bluetooth headphones to deliver rich bass and a remarkably wide frequency response.

Porta Pro® Wireless Bluetooth headphones ship with the new Porta Pro® hard shell case included.

**Some Features are Source Dependent*

**Charge Porta Pro® Wireless with 5V charging source only. Do not use charging source greater than 5V.*
