ONKYO P-N855-B (Image not found, type unknown)

These headphones feature the supral-aural design which is very comfortable. They are equipped with ellipsoid earcups constructed of glass fiber reinforced composite material that provides both light weight and high rigidity for resonance-free audio quality, and the ceramic finish provides an elegant look as well as resistance to scratches.

Accessories Included:

Carrying pouch

Detachable OFC cable with remote and microphone

Detachable

Oxygen Free Copper Cables

For the utmost audio fidelity, the AH-MM200 comes with two detachable audio cables, both featuring high purity oxygen free copper cable technology. One cable features

a built-in microphone along with a remote control for volume, track selection and smartphone control. The other longer cable is provided for connection to other devices, and both cables feature gold-plated connectors

Contemporary

European Design

Designed to look as good as they sound, the AH-MM200 features a fresh European style-inspired design that combines classic styling with a modern touch.
