

QED PERFORMANCE Y-SW ADAPTOR

Šifra: 20077

Kategorija proizvoda: Hi-Fi Analogni kablovi

Proizvođač: QED

Cena: 9.000,00 rsd

FEATURES AND BENEFITS

99.999% Oxygen Free Copper conductors

Oxygen free conductors provide a low resistance signal path and will stand the test of time to provide you with the QED experience for life.

Dual electrostatic shielding

Protects delicate signals against interference from external high voltages. The shield should ideally be connected at the source end, hence the directionality arrows printed on the cable jacket.

Quasi-balanced twisted pair geometry

Brings superior noise immunity to unbalanced audio connections by using a twisted pair for the signal and return paths thus introducing a level of common mode noise rejection not present in conventional cables.

24k gold plated RCA connectors

Gold is used because it will not tarnish thus providing a long lasting low contact resistance connection
