

ART HP-1

Šifra: 20173
Kategorija proizvoda: In Ear Monitoring
Proizvođač: ART

Cena: 8.532,00 rsd

The HP-1 is a compact, battery-powered headphone amplifier for players who prefer a wired connection for their in-ear monitors.

It features a locking Combo input for XLR and 1/4 TRS connections, and an 1/8" headphone output with a volume control. The HP-1 is switchable for mono or stereo operation, and provides over 40 hours of performance from two AA batteries.

With a rugged enclosure and heavy-duty jacks, the HP-1 is built to withstand the rigors of the road and deliver clear, powerful, reliable sound.

Features

Locking Combo Input Jack

Balanced Mono / Unbalanced Stereo Switch

1/8" Headphone Output

Over 40 Hours of Battery Life (2x AA)

Battery Status LED

Sturdy Belt Clip
