

DENON DCD 520AE Black

DENON DCD 520AE Black

Šifra: 1349
Kategorija proizvoda: CD Plejeri
Proizvođač: DENON

Cena: 21.480,00 rsd

The patterns for the digital circuits have been specially designed to provide maximum protection from unwanted radiation and achieve low impedance.
Denon engineers used rigorous listening tests to select the DCD-520AEs high-precision 32-bit/192 kHz D/A converter.
This converter and the audio circuit design that Denon has developed over many years masterfully reproduces the delicate nuances of music in the audio signal.

Key Features

High precision 32-bit 192kHz D/A converter	CD-R/CD-RW playback (MP3,WMA) Improved sound quality High quality sound Vibration-resistant design with Direct Mechanical Ground Construction Carefully designed construction to preserve audio signal purity Strictly selected parts for high sound quality ECO friendly with low power consumption in stand by and auto power off Integration with the new PMA-520AEs remote control unit Design matches the new PMA-520AE integrated amplifier	2 line Newly High Origin drawe Minim Europ Remo shape PMA- speci files)
--	---	--

CD Compatibility

CD	CD-R/RW MP3	WMA AAC
----	----------------	------------

Inputs/Outputs

Analogue Out (Cinch) - 2ch	Digital Optical - Out	Remo
----------------------------	-----------------------	------

Specifications

D/A Conversion - 2VRMS DIRECTPATH	DAC IC - PCM5102, Burr Brown (192kHz/32-Bit) Dynamic Range - 100 dB Total Harmonic Distortion - 0.0030%	Frequ Signa
