## DENON DSB250 Envaya Black Bluetooth Zvučnik

Šifra: 13130  
Kategorija proizvoda: Wireless Zvučnici  
Proizvođač: DENON

Cena: **23.880,00** rsd

Implementing innovative digital sound processing techniques, powerful amplifiers and high-quality speaker chassis, the range is capable of creating an immersive soundscape that easily announces the subtlest of high notes, whilst simultaneously having the ability to deliver deep bass tones with complete control and clarity. Simple connectivity and Siri activation allows you complete, hassle free control, from your smartphone.

### **Superior Sound**

Extraordinary sound quality is further improved due to the inclusion of advanced audio processing technology, bigger size drivers and more powerful amplifier modules. The sound produced is above and beyond anything that conventional compact speaker systems deliver, thanks to 'oversized' proprietary drivers paired with a large passive bass radiator that fit neatly into this speaker's compact design.

### **Waterproof and durable**

Denon Envaya is Water and Dust Proof. The official rating is called IP67, which means that the Envaya Pocket can stand in 1m of water for 30 minutes without damage. To achieve this all connectors are covered by a cap, gaps are closed by gaskets and chassis are water

resistant which means altogether no water can enter the unit for a certain period.

## Bluetooth AptX

### **Bluetooth AptX**

The Envaya features the high quality Bluetooth aptX Low Latency standard offering CD-like audio streaming over Bluetooth, minimizing latency and 'lipsync' issues when supported by the streaming device.

## Bluetooth Pairing

### **Bluetooth Pairing**

Out of the box and powered on for the first time, the unit will directly enter the pairing mode. Simply open the Bluetooth setup on your smart device and confirm the Envaya pairing. If at a later stage, you want to pair another unit just press the Bluetooth button on the unit for a second and you are ready to play. Pressing and holding the button for 5 seconds will enable the stereo pairing mode.

## Envaya Link

### **Envaya Link**

Looking for more power or just want to have a real stereo setup? No problem. Just pair two of the Envaya's to play together as a stereo set. One speaker will take over the left channel, the other the right.

## Making Phone Calls and talking to 'Siri'

### **Making Phone Calls and talking to 'Siri'**

The built-in microphone makes hand free calls an easy task. Once

connected by Bluetooth to your smartphone you are ready for that. In addition, you can also talk to your personal assistant “Siri” on an iPhone. Just press and hold the phone button on the Envaya and Siri will activate.
