

# DENON Heos 5 HS2

Šifra: 13135  
Kategorija prozivoda: Wireless Zvučnici  
Proizvođač: DENON

Cena: **44.280,00** rsd

This discreet and elegant speaker produces incredibly detailed wide range high fidelity. It is perfect for medium to large rooms. This beautifully styled speaker demonstrates elegance and performance. It plays cloud music, music stored on your phone or tablet, plus USB and NAS sources.

It also features a well crafted blend of four custom drivers, one radiator and four Class-D amplifiers, all of which are controlled with state of the art digital signal processing born in the studio. Big, clear sound from highly tested, recording studio grade engineering.

The free HEOS app instantly gives you multi-room audio control, and it can be installed on as many phones and tablets as you require. Command music in every room from any device. Use your multi-room audio system to group several rooms together and play the same song perfectly synchronized in party mode. Alternatively play a different song in every room when everyone wants to dance to their own tune.

## Wireless Connection not found or type unknown

**Wireless Connection**  
Connect to your wireless network quickly and easily. HEOS 5 supports the latest 802.11 networks (including dual band "N") for the most reliable network connection.

## Aux Analogue Line Input not found or type unknown

**Aux Analogue Line Input**  
The 3.5mm stereo analogue auxiliary line input lets users connect a device with analogue stereo output directly to the HEOS 5.

## Easy Setup not found or type unknown

**Easy Setup**

It's amazing how quickly you can start listening to your HEOS speakers. Place your speakers, and you will be listening to music in minutes.
