Powerful and detailed sound

Powerful and detailed sound

The advanced amplifier section delivers amazing sound from a compact form factor, thanks to Denon's unique HiFi engineering technologies. The full digital amplifier system delivers superior audio fidelity along with high amplifier efficiency at 40W into 4 ohms. The premium grade multi-way speaker connectors let you connect speaker cables via bare wire, pin connectors as well as banana plug connectors.

High Resolution Audio support

High Resolution Audio support

Discover the incredible fidelity of high resolution audio with the PMA-30's ability to decode up to 24-bit/192-kHz ALAC, FLAC and WAV lossless files via the digital inputs. Your music has never sounded better.

Bluetooth with aptX Low Latency

Stream your favourite audio tracks from your portable devices via the PMA-30's Bluetooth connectivity, which features quick and easy pairing via the Bluetooth

button on the front panel. For CD-quality audio playback, the PMA-30 features the latest generation Qualcomm aptX Low Latency decoding, which also provides optimum time synchronization when playing back audio from video sources with no lip sync issues.

High quality headphone output

High quality headphone output

For top audio fidelity the PMA-30 is equipped with a dedicated headphone amplifier circuit that features a high speed ultra low distortion wideband op amp that's paired with a fully discrete final output stage. In order to accommodate the widest range of headphone types, the PMA-30 features an adjustable headphone impedance control, with 3 settings for low, medium and high impedance headphones which provide proper matching of headphone impedance and amplifier gain. The headphone jack features a 6.3mm connector for compatibility with premium home and professional studio headphone models.y.

Pure class elegantly designed

The Denon Design Series stands out, thanks to its combination of soft-look aluminium, bright silver tone accents and a mixture of glossy and matt black surfaces. Crisp OLED displays tell you all you need to know at a glance, using icons and text. And the PMA-60 and DCD-50 make a real statement also when used horizontally or vertically.

Real Hi-Fi in an essential style

he Design Series is all about superb sound – and maximum style. Only with Denon’s sophisticated digital technology, and over a century of audio engineering expertise, has it been possible to combine all that performance with a compact and truly unique design. Look at the Design Series, and you’ll agree it lacks nothing, combining beauty and performance. Listen to the Design Series, and prepare to be amazed.
