Best Product 2018-2019 - Compact Music System

"The CEOL N10 neatly bundles a radio tuner, slot-loading CD player and a wealth of streaming options. Via the user-friendly HEOS app you can listen to music via popular music services, or stream your hi-res music over a network or from a USB stick."

With the Denon CEOL-N10 your sound possibilities are nearly endless. Listen to your favourite CD, stream your playlists via Spotify, Deezer Premium or Tidal, go multi-room with the built in HEOS technology, using Bluetooth or your network.

Enjoy Internet Radio and AirPlay2. And the most convenient thing: Control this Mini HiFi system easily via your voice with Amazon Alexa voice compatibility. It's a thousand things. It's cool, it's CEOL.

Intuitive Touch Panel

A key design element are the new touch keys on the top of the CEOL-N10. They give an immediate response – by light. And as you are used to from your phone screen, this Network-Receiver beauty has a double-layered scratch-resistant surface which gives it a distinct touch.

Exceptional Design

CEOL-N10 is built for optimum sound performance with a completely re-engineered two-way speaker

configuration that improves clarity and musical accuracy. You will hear every instrument clearly with enthusiast quality.

 **Seamless Connectivity**

All of your music at your fingertips. Connect to your favourite music sources via Wi-Fi with HEOS, AirPlay2 or via Bluetooth. With a more than 100-year legacy of audio mastery, Denon CEOL-N10 delivers high quality sound, no matter how you listen.

 **Improve Your TV Sound**

Why not enjoy the great sound of the CEOL-N10 with your TV ? Simply add a pair of speakers. Thanks to the two optical inputs and the TV remote learning function you can enhance your audio for some blockbusting fun or for a neat gaming experience.

 **Minimal Footprint**

One of the most sophisticated mini-systems on the market, the CEOL-N10 packs massive sound into a compact and sleek design. It was built to fit comfortably anywhere in your home and fill it with beautiful sound.

 **Experience HEOS**

Every room in your home can have its own HEOS sound. Or, group multiple HEOS compatible devices and speakers to fill the house with the same song , using your home network. With HEOS, multi-room means multiple options. Have it all at your fingertips with the intuitive HEOS App.

 **Elegant Minimalism**

Elegant Minimalism

The CEOL-N10 comes in a compact design that

complements your style. The beautiful Denon mini system is available in a black, white and grey high-quality matte finish. The sophisticated industrial design of the CEOL-N10 blends seamlessly into your home and pairs with your aesthetic preferences.

Easy Set Up or type unknown

Easy Set Up
CEOL-N10 is fast and intuitive to set up, taking just minutes from unboxing to filling your home with beautiful music. Just follow the simple instructions and connect to your favourite streaming services with ease. Or just pop in a CD. The choice is yours.
