Saramonic SR-C2001

Šifra: 20853
Kategorija prozivoda: Digitalni Kablovi
Proizvođač: Saramonic

Cena: 2.520,00 rsd

Microphone Input Cable with Plug-In Power for USB-C Devices
The SR-C2001 is a perfect adapter to connect to the female 3.5mm output jack on microphones or wireless microphone receivers into your USB-C device. Want to connect a mini shotgun microphone directly to your iPhone 15? Need to connect a wireless microphone receiver directly to your Android Smartphone? The SR-C2001 can handle all that and so much more. It also provides plug-in power to your microphones, which is vital for many popular on-camera video microphones.

Versatile USB-C Input Cable for Audio Mixers, Recorders and Other Audio Devices
The SR-C2001 does not stop with microphones. You can also connect to the female 3.5mm output jack of audio mixers, recorders, or any audio source into your device's USB-C port. Perfect for recording the output of any audio source directly into your USB-C device.
The SR-C2001 does not output audio to external devices

Record or Stream Professional Audio Sources to your Apps with Ease
Whether you're recording an on-camera microphone into your Android Smartphone for a video shoot, or an audio mixer into your new iPhone for a live stream, the SR-C2001 makes it easy. Simply plug in the SR-C2001 to your mic or audio source, plug it into your USB-C device, open the recording, video, or streaming app and the SR-C2001 will input your audio into the app of your choice. **App Must Support External USB-C Audio**

Stereo or Mono recording, for so many possibilities
The SR-C2001 also allows you to record to your device in mono or stereo sound. Perfect for mono, or stereo microphones, mono summed output, or dual mono out from dual wireless receivers, like the UwMic9 system, stereo, or mono audio feeds from a mixer and so much more. You can even use the SR-C2001 to record the output of a record player or audio cassette player to the USB-C port on a computer to digitize analog media.

High-Quality, Lightweight, and Built to Last
The SR-C2001 is a high-quality cable, and all the connectors are gold plated, which provides the best possible signal transfer and resists corrosion. It is remarkably compact and lightweight at 9" (22.86cm) in length and weighing only 0.2oz (6g). It's an ideal problem-solving audio input cable for your USB-C devices, that you can easily bring anywhere.

Analog Input Connector: Gold-Plated 3.5mm TRS Male Plug
Digital Output Connector: Male USB Type-C
Cable Length: 9" (22.86 cm)
