

Mackie MDB-1A

Šifra: 21261

Kategorija proizvoda: DI Box i Phantom Power

Proizvođač: MACKIE

Cena: 10.680,00 rsd

- Active circuitry offers higher headroom for ultra-low noise and distortion-free performance
- High-impedance 1/4" input with Thru output
- Balanced XLR output connector with Ground Lift
- Low Cut and Polarity switches
- Merge switch allows connection of stereo sources which are then summed to mono at the output, perfect for stereo sources like keyboards and media players
- -20dB pad ensures distortion-free performance when connecting to high-level sources
- Powered via 48v Phantom Power
- Built-Like-A-Tank™ construction
