

Beyerdynamic DT 770 PRO 32 ohm - Studijske slušalice

Šifra: 12774
Kategorija proizvoda: Slušalice
Proizvođač: Beyerdynamic

Cena: 15.480,00 rsd

and smoothly present highs.

Extra-soft material has been used for the ear-pads ensuring hours of comfortable use. Adjustable, sliding earpieces in addition to single sided connection with coiled cable ensure perfect fit whilst wearing the

DT770 PRO.

An ideal tool for critical listening and monitoring.

Beyerdynamic DT770 Pro

The Beyerdynamic DT 770 PRO 32 ohm - Studijske slušalice

DT770 PRO 32 ohm has a straight cable, it is for the usage as studio monitor headphones especially for instrumentalists. Low impedance drivers make the **DT770 PRO** ideal for powerful reproduction of low-frequency material such as coming from a bass guitar.

With stronger system and thicker membrane the **DT770 PRO** provides punchy and clear bass sound at high levels. **Beyerdynamic's DT770 PRO 32Ω** delivers a clean sound signature unique in the closed-back category with controlled bass response

Studio Monitoring

Studio monitor headphones especially for instrumentalists with low impedance 32Ω systems ideal for powerful reproduction of low-frequency material i.e. coming from a bass guitar.

Clean Sound

With a sound signature unique in the closed-back category the DT770 PRO produces controlled bass response and smoothly present highs. The further implemented 'Bass Reflex' technology offers improved bass response.

Easy to Drive

Highly efficient low impedance system allows use from any audio source without the need of amplification.

Ergonomic Design

The single sided cable makes the handling of the headphone easy and the adjustable cushion system allows the DT770 PRO to be used comfortably for long periods of time.

Replaceable Parts

A long service life is made sure with the robust, easy serviceable construction as all parts of the DT770 PRO are replaceable.

Superior Build

Only the best material is used for the DT770 PRO with advanced neodymium magnets, strong spring steel headband, anodized aluminium forks, composite housings and soft skin earpads.

TECHNICAL SPECIFICATIONS

Headphone Type: Circumaural (around the ear)

Impedance: 32Ω

Sound Pressure Level: 96dB

Weight: 270 g

Headphone Design: Closed

Frequency Response: 5Hz - 35kHz

Cable & plug: Straight connecting cable with 3.5mm jack plug and 6.35mm adapter

Product Code: 483.664

BEYERDYNAMIC DT770 PRO 32Ω FEATURES

Ideal for mobile and portable applications

Easy to drive from any source without amplification

Highly efficient 32 Ohm impedance driver

Bass reflex technology for improved bass response

Comfortable fit due to rugged, adjustable, soft padded headband construction

Single-sided cable

Made in Germany

Robust, easy serviceable construction as all parts are replaceable

Soft leatherette circumaural earpads

PACKAGE INCLUDES

Beyerdynamic DT770 PRO 32Ω

6.35mm jack adaptor

Padded storage case

Manual

Brand	Beyerdynamic
Product Type	Earphones
Colour	Grey
Feature Keyword	Closed, Monitor, Over Ear, Over Head, Professional, Studio
Recommended Use	Hi-Fi, Portable audio system, Studio
Manufacturer Warranty	3 Years
Included Accessories	6.35mm adaptor, Earpads, Manual
Part Number	483664
GTIN	4010118483660
Headphone Fit Type	Over Ear
Headphones Type	Headphones - binaural
Cable Entry	Single Sided
Cable Length	No
Connector Angle	Straight
Connector Type	Headphones (3.5 mm stereo jack)
Detachable Cable	No
Driver Size	No
Driver Type	Dynamic
Connectivity Technology	Wired
Earcup Design	Closed Back
Frequency Response	5Hz - 35kHz
Headphones Form Factor	Over Ear
Headphones Technology	Dynamic
Impedance	32Ω
Number of Drivers	No
Sensitivity	96dB
Sound Isolation (dB)	No
Sound Output Mode	Stereo
Smartphone Compatibility	No
Smartphone Controls	No
Total Harmonic Distortion (THD)	No
Wireless Technology	No
