

BEYERDYNAMIC DT 880 Edition 250 ohms

Šifra: 10259
 Kategorija proizvoda: Over-Ear Slušalice
 Proizvođač: beyerdynamic

Cena: 23.880,00 rsd.

The Beyerdynamic DT 880 headset immediately attracts your attention thanks to a **perfectly** balanced sound **with perfectly legible midtones** that fit perfectly into the concept of precisely tuned headphones. Pleasant soft ear cushions and head pads add much to the enjoyable use. Semi-open construction contributes to the airiness of the reproduction and minimizes the isolation from the environment. All this in the quality "**Made in Germany**"!

Key elements:

Impedance 250 ohms - **ideal for hi-fi systems.**

Partially open construction for a very neutral and balanced sound.

Single-sided cable.

Details

As a top headphone the DT 880 combines the strengths of open and closed headphones. The complete sound spectrum is reproduced in detail from the deepest bass to the highest highs. The highs are crystal-clear without being unpleasant, they are impressive with a soft sound. The neutral balanced mids are analytical and strong, without being predominate. The bass is voluminous without being too obtrusive. This is a headphone that will inspire you.

High comfort with reduced headband pressure and a soft headband pad. The soft ear pads and headband pad can be easily replaced. The single-sided straight cable is fitted with a gold vaporized stereo jack plug (3.5 mm) and adapter (6.35 mm).

The headphone comes in a stylish leather effect case.
