

Sennheiser E 906

Šifra: 10863

Kategorija proizvoda: Instrumentalni Mikrofoni

Proizvođač: Sennheiser

Cena: **27.480,00** rsd

Optimized for Guitar Cabinets

The e 906's frequency and sensitivity response is optimized for accurate reproduction of guitar cabinets, brass and percussion.

Fast Transient Response

The e 906 is capable of withstanding high sound pressure levels and fast attacks are reproduced accurately without distortion.

Supercardioid Polar Pattern

The supercardioid polar pattern is effective in minimizing off-axis audio and residual noise that may cause feedback.

Hum Compensation

The built-in hum compensation coil suppresses hum and low-frequency noise.

Rugged Construction

The rugged, durable construction is capable of handling life on the road or in studio.

Sennheiser E 906 Specs

Microphone

Capsule Dynamic

Polar Pattern Supercardioid

Pad None

High-Pass Filter None

Performance

Frequency Range 40 Hz to 18 kHz

Impedance 350 Ohms at 1 kHz

Sensitivity 2.2 mV/Pa at 1 kHz

Connectivity

Output Connectors (Analog) 1 x XLR 3-Pin

Physical

Dimensions H: 2.16 x W: 1.34 x L: 5.27" / H: 55 x W: 34 x L: 134 mm

Weight 4.94 oz / 140 g
