

Sennheiser e902

Šifra: 3282
Kategorija proizvoda: Instrumentalni Mikrofoni
Proizvođač: Sennheiser

Cena: 20.760,00 rsd

Frequency Response

The low frequency response is optimized for accurate reproduction of kick drum, bass guitar cabinets, acoustic bass, tuba, etc.

Fast Transient Response

The E902 is capable of withstanding high sound pressure levels and fast attacks are reproduced accurately without distortion.

Cardioid Polar Pattern

The cardioid polar pattern is effective in minimizing off-axis audio and residual noise that may cause feedback.

Hum Compensation

The built-in hum compensation coil suppresses hum and low frequency noise.

Rugged Construction

The rugged, durable construction is capable of handling life on the road or in studio.

Sennheiser E902 Specs

Microphone

Capsule Dynamic

Polar Pattern Cardioid

Pad None

High-Pass Filter None

Performance

Frequency Range 20 Hz to 18 kHz

Impedance 350 Ohms at 1 kHz

Sensitivity 0.2 mV/Pa at 1 kHz

0.6 mV/Pa at 60 Hz

Connectivity

Output Connectors (Analog) 1 x XLR 3-Pin

Physical

Dimensions ø: 2.4 x L: 5.1" / ø: 60 x L: 128.5 mm

Weight 15.5 oz / 440 g
