ESI U22 XT

On the

software side, U22 XT provides low latency drivers with support for WDM, ASIO 2.0 and CoreAudio based on our EWDM and DirectWIRE technology. Included with U22 XT is the Bitwig 8-Track software, the trim and effective digital audio workstation to start producing, performing, and designing audio like a pro. With Bitwig 8-Track, you can start working right out of the box without other additional software. Record and arrange, improvise and
