The MITUS 118 SA is single 18” active subwoofer equipped with a B&C neodymium magnet custom woofer.
The birch-ply enclosure is designed to the same width size of the MITUS 206 LA line array, like the MITUS 121 SA, 21” active sub and the MITUS 212 FSA flying active sub. This model has a band-pass design providing more “kick” to the low frequencies, extended down to 36 Hz. The built-in amp is engineered in Class D with DSP and supplies 1200 Wrms of continuous power. A switch mode power supply guarantees the maximum energy and dynamics to the transducer.
