

FOCAL Aria 948 Black Podnostojeći Zvučnik

Šifra: 12454

Kategorija proizvoda: Podnostojeći Zvučnici

Proizvođač: Focal

Cena: 182.280,00 rsd

FOCAL Aria 948 Black Podnostojeći Zvučnik

The
Aria

948 symbolises the return of the true acoustic loudspeaker. A new type of 3-way loudspeaker with 81/4" (21cm) speaker drivers effortlessly providing intense and controlled bass. The intention was a return to the very essence of acoustics for those who are passionate about music. This is the ultimate loudspeaker of the range for rooms measuring from 320ft 2 (30m2) and from a recommended listening distance of 12ft (3.5m).

TNF Tweeter

Image not found or type unknown

TNF Tweeter

For the TNF tweeter, Focal have brought two major evolutions to their aluminium/magnesium tweeter. The suspension between the dome and its bracket uses Poron, a material with shape memory. The inverted dome's spatial characteristics and very low directivity already make it greatly superior. The frequency response has a variance of +/- 0.5 dB. This performance guarantees an incredibly stable sound stage which makes the listening position much less critical.

Flax Cone

Image not found or type unknown

Flax Cone

Focal cones are made of high-quality flax fibres core enclosed by two thin layers of

glass fibre. They satisfy the key criteria of a high performance diaphragm high internal damping, high velocity of sound and high flexural rigidity.

The cones are characterised by their natural sound, with low colouration, their richness of reproduction in the midrange register and their tighter bass.

 Sandwich Technology

Sandwich Technology

Flax is twice as light as fibre glass, because the fibre is hollow. It is aesthetically beautiful and also has very low elasticity which makes it ideal to increase the flexural rigidity of a sandwich structure.

Moreover, it can be obtained in non-woven bundles of considerable diameter and it can therefore produce the thickness required for a sandwich.

 Aria Design

Aria Design

Aria has been conceived as an elegant piece of home furnishing; simple, with great stature, quality materials and soft shapes which capture the light and resist the passage of time. The glass on its

Type	Three-way bass-ref
Speaker drivers	2x 81/4" (21cm) FL 1" (25mm) Al/Mg T
Frequency response (+/- 3dB)	37Hz - 28kHz
Low frequency point - 6dB	31Hz
Sensitivity (2.83V / 1m)	92.5dB
Nominal impedance	8 Ohms
Minimum impedance	2.5 Ohms
Recommended amplifier power	50 - 350W
Crossover frequency	280Hz / 2600Hz
Dimensions (H x W x D)	1150 x 371 x 420m
Weight	35kg

Best Buy

" The music is full of energy, as full as it would be in the front row of a jazz club"..."Bass goes deep, deep enough to even satisfy movie lovers, the high frequencies are detailed and smoother than I would have expected coming from a Focal inverted dome and the midrange is brilliant at this price."
