

FOCAL CHORUS 706 Blackstyle

Šifra: 11360

Kategorija proizvoda: Bookshelf Zvučnici

Proizvođač: Focal

Cena: **31.800,00** rsd

PREMIUM HIFI AT AN ACCESSIBLE PRICE

With this fourth generation Chorus 700, Focal set itself the challenge of modernising these benchmark speakers, making their quality, their unique sound signature and their renowned technologies available to the greatest possible number of audiophiles. While retaining the DNA of previous models in the Chorus range, the new generation Chorus 700 benefits from a design and a quality totally in keeping with modern-day expectations: remarkable audio performance and at the same time greater value and more classic design. Technological innovation, tradition and exclusive design - these are the hallmarks of "the Spirit of Sound".

THE CHORUS HERITAGE

The Chorus 700 is a superb example of change within continuity. The design features that forged the success of this range are still there, such as the faultless cabinet-made construction, the non-parallel sides, the solidly thick front and the reinforcements as plentiful as they are effective. The original design has been subtly reinterpreted: the sharp edges and projecting lines have been softened, giving way to flowing curves more in keeping with current trends. The Chorus 700's assembly quality smoothes away any roughness, and the choice of materials endows the speaker with restrained harmony. Its designers have worked on its balance, its cleanliness of line, its simplicity and perceived value, focusing on its primary function - the quest for the best sound.

Heir to the Chorus 706V, which received a Diapason d'Or award, the Chorus 706 has a natural, seamless sound stage with admirable spatialisation. Sound from this speaker creates a musical ambience that is fresh, upbeat and very pleasant all at the same time. With the Chorus 706, no sound is monotonous, no melody is dull. The bass is controlled and the mid-range is full of life to create a precise, dense stereo image worthy of a concert hall. The highs are sweet thanks to the TNV2 tweeter's new Poron suspension system. Lastly, its thick, non-parallel walls eliminate parasite noise, creating a pure sound, a 100% Focal sound. Excellent value for money.

KEY FEATURES

Speakers designed, developed and manufactured in France by Focal.

Exceptional audio and manufacturing quality in this price range.

Spec:

Type 2-way bass reflex bookshelf loudspeaker

Drivers 6 1/2" (16.5cm) Polyglass midbass

1" (25mm) TNV2 Al/Mg inverted dome tweeter

Frequency response (+/- 3dB) 55Hz - 28kHz

Low frequency point - 6dB 47Hz

Sensitivity (2.83V / 1m) 90dB

Nom. impedance 8 Ohms

Minimum impedance 3,6 Ohms

Recommended amplifier power 25 - 120W

Crossover frequency 3000Hz

Dimensions (HxLxP) 153/8x82/3x103/8" (390x220x263mm)

Net weight 18lbs (8.2kg)
