# FOCAL Dimension Black Soundbar

Šifra: 12241  
Kategorija proizvoda: Soundbarovi  
Proizvođač: Focal

Cena: **119.880,00** rsd

Dimension has a wide dynamic range, this comes from the five super slim 26mm speaker drivers. Definition can be heard at high frequencies, the sound is clear and coherent. The centre of the speaker drivers has the shape of an inverted dome, this will allow you to enjoy clear and natural sounding dialogue.

The soundbar also benefits from incredibly deep bass, even without a subwoofer. The two pairs of lateral speaker drivers are used for reproducing the bass, bass-reflex loading with two ports on either side of the soundbar. Finally, no vibrations will interfere with the sound, thanks to the exceptional rigidity of Dimension's brushed aluminium mono bloc chassis.

Easy To Install not found or type unknown

### Easy To Install

Dimension is easy to use and install, in a few minutes only set it up once through the presets available. Enjoy the potential of HDMI connectivity and CEC command to control your entire home cinema system using a single remote control.

Optional Bluetooth Receiver not found or type unknown

### Optional Bluetooth Receiver

Dimension can finally be connected to a smarphone or a tablet for listening to your audio and video files adding the optional Bluetooth® aptX® Universal Wireless Receiver.

Easy To Use not found or type unknown

### Easy To Use

The use is also simple and intuitive: a tactile and discreet interface which can be turned on in just a wave of the hand will enable you to adjust the volume and activate the Night mode.
