Flat HDMI cable - EVOLUTION Range

Flat HDMI High quality audio/video cable, Oxygen Free Copper conductors (OFC), double shielding, HD-PE insulation, extra-flexible juxtaposed construction, gold contact, silver soldering. Certified HDMI and HDCP : Supports DeepColor, x.v.YCC (or x.v.Color®), Auto LipSync, CEC. HDMI HIGH SPEED

Auto Lip Sync, CEC.

Video Compatibility : 480i/p, 576i/p, 720p, 1080i and 1080p (50/60/24Hz).

Audio Compatibility : Dolby® Digital +, Dolby TrueHD, DTS™ HD, PCM, LPCM, Dolby Digital/EX, DTS/ES & DTS 96/24.

7M50 & 10M : Integrated equalization chipset. Respect way of connection.

Recommended for installation with many HDMI equipments close to each other.

Its extreme flexibility, small thickness, and important choice of small length, make it perfect to optimize your low distance HD interconnections (around an A/V receiver, an HDMI switch....)
