DENON HEOS Subwoofer

This

wireless subwoofer adds deep, powerful bass to any HEOS device with best-in-class sound quality. It suits any room and any setup. The HEOS Subwoofer adds seismic bass to your sound - wirelessly. With its powerful amplification and optimised drivers, it works with the entire HEOS range, from any HEOS speaker to the HEOS Bar, HEOS AVR, HEOS Amp and HEOS Link.

Setup of the HEOS Subwoofer takes a matter of minutes. Simply connect it to your home network and any other HEOS devices and you can experience dramatic bass instantly. Control all your sound via the app. Get room-filling sound by linking the HEOS Bar to the HEOS Subwoofer and create a breathtaking 3.1 setup, without any wires. If you pair the HEOS Subwoofer with the HEOS Bar and any two HEOS speakers, you set up a fantastic wireless 5.1 surround system.

Clean And Distinct Bass

Two custom-made 5-1/4inch drive units in combination with sophisticated class D amplification deliver clean and clear, yet punchy bass. The proprietary DSP algorithms of the HEOS Subwoofer provide optimised low frequency response across the entire dynamic range. Within the HEOS App, you will find advanced settings for different configurations, like the dialogue enhancer and night mode features, which are integrated in the HEOS Bar. If used together, this wireless subwoofer automatically adapts to your settings.

Share Your Music Anywhere You Like

Play your personal music collection throughout the whole HEOS ecosystem. Even in high-resolution. The HEOS system supports all major streaming formats. Control the music in every room with the HEOS App. All the great music services are fully integrated. Set the mood that's just right for the moment.

Get The Amazing HEOS Experience

Pair the HEOS Subwoofer with any HEOS device you like and get room-shaking sound all around the house. Stream different music to different rooms or the same music to all rooms. Have it all at your fingertips with the intuitive HEOS App.

Beauty Runs In The Family

Being a HEOS, the HEOS Subwoofer definitely puts in an appearance with its unique design and stylish matt black finish. You can place it anywhere in your room, thanks to its wireless connectivity - vertically or horizontally.

Dual Custom 5-1/4 inch drivers and sophisticated, high power Class D amplification
Connect to your wireless network quickly and easily.
HEOSBar supports the latest 802.11 networks (including dual band „N“, „AC“) for the most reliable network connection

Built-in HEOS network technology for access to the most important online streaming services, and stunning multiroom experience with other HEOS products

Supports all major streaming formats, including high resolution audio: DSD (2.4, 5.6 Mhz), FLAC, WAV, ALAC (192 / 24), MP3, WMA, AAC File Playback (USB / Network)

This wireless subwoofer can be combined with HEOS Bar, HEOS AVR, HEOS Amp, HEOS Link and any HEOS speaker (single or stereo pair)

Factory-optimised crossover option for each configuration

Advanced settings like crossover and phase for advanced users
