

KEF C5

Šifra: 6600

Kategorija proizvoda: Podnostojeći Zvučnici

Proizvođač: KEF

Cena: **29.880,00** rsd

The C5 is a competent and compact floorstanding speaker packed

Model		Raymond Cooke (BBC inženjer elektronike i tehnički direktor Wharfedale-a) i poslovni saradnici, C5 osnovali su kompaniju KEF Electronics Ltd, sa namerom da prave inovativne zvučnike koristeći najnovije materijale i tehnologije.
Design		Osnovana je u Kentu 1961. godine, na imanju nekadašnje kompanije "Kent Inženjerstva i Livnice (Kent Engineering and Foundary)" odakle je "KEF" i dobio ime.
Drive Units	19mm (0.75in.) LF	Zahvaljujući stalnom eksperimentisanju sa novim materijalima i tehnologijama KEF zvučnici su uvek mali i fantastična akustična merenja i mogli su da reprodukuju snimke najbliže moguće originalnom zvuku u studiju ili nastupu uživo. Od početka, kao i danas, KEFova inovativnost i kvalitet su neosporni, tako da više od pola veka unazad audiofilji širom sveta uživaju u ovim zvučnicima visokih performansi.
Crossover Frequencies	250Hz	
Sensitivity (2.83V/1m)	90dB	
Maximum Output	115dB	
Input Impedance	8 Ohms	
Amplifier Requirements	150W	
Magnetic Shielding	Yes	
Plinth Dimensions (WxD)	248 x 322 mm (9.7 x 12.7 in.)	
Frequency Range	41Hz - 40kHz	
Weight	13.5kg (29.3lb)	
Dimensions (H x W x D)	918 x 177 x 260 mm (36 x 7 x 10.25 in.)	

Finishes		reprodukuju snimke najbliže moguće originalnom zvuku u studiju ili nastupu uživo. Od početka, kao i danas, KEFova inovativnost i kvalitet su neosporni, tako da više od pola veka unazad audiofilji širom sveta uživaju u ovim zvučnicima visokih performansi.
C5		

Elegant, articulate and authoritative the C5 is a competent and compact floorstanding speaker. It combines the latest 19mm (0.75in.) tweeter and 'tangerine' waveguide with two 150mm (5.25in.) bass drivers in a slim, internally braced cabinet. Meticulously tuned crossovers ensure seamless transitions and superb binding posts allow bi-wiring or bi-amplification for the best possible response throughout the frequency range. Whatever the genre, whatever the medium, the resulting sonic picture is open, fluent and involving. Finish: Classic Black Ash

Aluminium dome tweeter with 'tangerine' waveguide

The same 19mm (0.75in.) tweeter from the latest Q Series reproduces vocals with spellbinding realism – the unique 'tangerine' waveguide disperses its sweet natural clarity evenly throughout the room and provides excellent protection from straying fingers.

Gold-plated terminals

The exceptional acoustic definition you experience depends on the recorded signal being perfectly transmitted, so to eliminate the risk of tarnishing, the binding posts of the C Series are gold-plated.
