KEF Ci160CR - Plafonski zvučnik

Šifra: 06483
Kategorija prozivoda: Plafonski Zvučnici
Proizvođač: KEF

Cena: 19.080,00 rsd

Raymond Cooke (BBC inžinjer elektronike, tehnički direktor Wharfedale-a) i poslovni saradnici, osnovali su kompaniju KEF Electronics Ltd., sa namerom da prave ino- vativne zvučnike koristeći najnovije mate-rijale i tehnologije. Osnovana je u Kentu 1961. godine, na imanju nekadašnje kompa-nije "Kent Inžinjerstva i Livnice (Kent Engineering and Foundary)" odakle je "KEF" i dobio ime.
Zahvaljujući stalnom eksperimentisanju sa novim materijalima i tehnologijama KEF zvučnici su uvek imali fantastična akustična merenja i mogli su da reprodukuju snimke najbliže moguće originalnom zvuku u studiju ili nastupu uživo. Od početka, kao i danas, KEFova inovativnost i kvalitet su neosporni, tako da više od pola veka unazad audiofili širom sveta uživaju u ovim zvučnicima visokih perfomansi.

Thin Bezel In-Ceiling Speaker

Brand new for 2011, the exceptionally stylish Ci160CR thin bezel in-ceiling round speaker boasts an impressive narrow rim around the speaker for a flawless integration into your ceiling.

The speaker features a brand new 6.5" drive unit with an asymmetrical tweeter island for wide off-axis response. And with an extremely shallow mounting depth of only 3.36", the Ci160CR is a breeze to install in any kind of ceiling.
The Ci160CR, brand new for 2011, is an exceptionally stylish round in-ceiling speaker with some all new impressive features.

The speaker features a brand new 6.5" drive unit with an asymmetrical tweeter island for wide off-axis response. And with an extremely shallow mounting depth of only 3.36", the Ci160CR is a breeze to install in any kind of ceiling.

Another fantastic addition is our proprietary Ultra Thin Bezel technology which allows the speakers to blend with the ceiling, creating a smoother transition from ceiling-to-speaker.

Amazingly strong magnetic grilles are also utilized for ease of install and painting.

More fantastic features:

• In-Ceiling loudspeaker for custom installation applications
• Frequency response 52Hz - 20kHz, Power handling 10-100W, 89dB sensitivity, 8Ohm
• Asymmetrical tweeter island delivers a cleaner, purer sound while reducing diffraction and enhances off-axis, high frequency response
• 6.5" bass/mid driver: Good bass extension from a flush-mount loudspeaker. 3/4" soft dome ferrofluid cooled tweeter: Excellent power handling and smooth response.
• Like all KEF Ci in-wall products, the bezel and grille can be painted to match the interior décor.
• Product External Dimensions: 234.6mm (9.24 in.) / 93mm (3.66 in.)
• Mounting depth just 3.36"
• Finishes Available: White, paintable finish
