

KEF Ci160ER UTB Uni-Q

Šifra: 12162
Kategorija proizvoda: Plafonski Zvučnici
Proizvođač: KEF

Cena: **11.880,00 rsd.**

Akcijska cena važi za gotovinsko i virmansko plaćanje

KEF's Uni-Q driver enables the mid-range and tweeter to act as a single point source. This patented technology allows the listener to sit anywhere in the room and still enjoy KEF's world-renowned sound and clarity without having to be positioned in the narrow "sweet-spot" found with conventional speaker designs.

The E Series also features KEF's Ultra-Thin Bezel (UTB) technology which offers the thinnest possible visible rim around the speaker assembly. The bezel and grill can be painted to match the interior décor.

All KEF Ci architectural speakers, including the speakers in the E Series, are manufactured to Marine Grade Construction standards: The grilles are coated via a proprietary process, the speakers include moisture-resistant terminations and finish materials, and the plastics are UV protected, allowing you to safely use these speakers in applications other speakers in its price-range simply cannot be considered for - such as your bathroom, poolside, or on your yacht!

Key Features

UTB™ Ultra Thin Bezel

160mm (6.5in.) Uni-Q driver array
