

## KEF LS50 WHITE

Šifra: 1303

Kategorija proizvoda: Bookshelf Zvučnici

Proizvođač: KEF

Cena: **47.940,00** rsd

**Raymond Cooke (BBC inženjer elektronike, tehnicki direktor Wharfedale-a) i poslovni saradnici, osnovali su kompaniju KEF Electronics Ltd., sa namerom da prave inovativne zvučnike koristeći najnovije materijale i tehnologije. Osnovana je u Kentu 1961. godine, na imanju nekadašnje kompanije "Kent Inženjerstva i Livnice (Kent Engineering and Foundary)" odakle je "KEF" i dobio ime.**

**Zahvaljujući stalnom eksperimentisanju sa novim materijalima i tehnologijama KEF zvučnici su uvek imali fantastična akustična merenja i mogli su da reprodukuju snimke najbliže moguće originalnom zvuku u studiju ili nastupu uživo. Od početka, kao i danas, KEFova inovativnost i kvalitet su neosporni, tako da više od pola veka unazad audiofili širom sveta uživaju u ovim zvučnicima visokih performansi.**

### **LS50-Stereophile-BestAwards-2013**

**"We're delighted to see these gorgeous speakers once again get the recognition they deserve. It seems those of you who've bought them find them as thrilling to look at and listen to as we do."**

**- LS50, Whathifi.com, October 22nd 2013**

**2014.**

### **Readers' Award - Product of the year**

#### **KEF LS50**

An innovative concept inspired by the legendary LS3/5a, LS50 mini monitor speaker is designed to bring professional studio monitor concept into the home.

Rarely the case in such a compact design, the LS50 monitor delivers a rich, multi-dimensional ‘soundstage experience’ that is out of all proportion to its size. Patent-pending acoustic designs, together with state-of-the-art technologies from KEF’s latest flagship Blade loudspeaker, provide the ultimate studio experience - even in the smallest of spaces.

Model	LS50
Design	Two-way bass reflex
Drive units	Uni-Q driver array: HF: 25mm (1in.) vented aluminium dome LF/MF: 130mm (5.25in.) magnesium/aluminium alloy
Frequency range (-6dB)	47Hz - 45kHz
Frequency response (±3dB)	79Hz - 28kHz
Crossover frequency	2.2kHz
Amplifier requirements	25 - 100 W
Sensitivity (2.83V/1m)	85dB
Harmonic distortion 2nd & 3rd harmonics (90dB, 1m)	<0.4% 175Hz-20kHz
Maximum output	106dB
Nominal impedance	8Ω (min. 3.2Ω)
Weight	7.2kg (15.8lbs.)
Dimension (H x W x D) (with terminal)	302 x 200 x 278 mm (11.9 x 7.9 x 10.9 in.)

**Colour High gloss piano black**

High gloss piano black cabinet with rose gold Uni-Q driver.

**Technology**

**Breakthroughs**

Creating a small housing capable of delivering such a spacious sound is the result of considerable research and development. In cabinet construction, baffle shaping and port design, LS50 breaks new ground with patent-pending technology. All this is made possible by KEF’s leadership in modern research (including techniques such as Finite Element Analysis and Computational Fluid Dynamics\*). LS50’s unique technology offers by far the cleanest, most accurate studio-grade performance of any mini monitor.

[Zoom +](#)

**UNI-Q®**

LS50 employs revolutionary technology developed for Blade, KEF’s latest flagship loudspeaker. Using the very latest Uni-Q driver, specifically designed for this model, LS50 radiates an extremely large listening sweet spot and delivers a remarkably fast, clean sound. And, because LS50 neither adds nor subtracts a single sound, it’s effortlessly natural and accurate too.

### Review : LS50 - The Absolute Sound 07/2013

"The KEF LS50 is one of the most all-around-satisfying little speakers I've reviewed in some time. Construction and execution are exemplary. It delivers the kind of performance that deserves to be on a Wheaties box. And there's an incalculable coolness factor that makes it a breath of fresh air. The LS50 also answers the classic question, 'Who says you can't teach an old box new tricks?'"

### Reviewers Choice award

"The LS50 is nothing short of a masterpiece of a minimonitor, priced so that anyone serious about audio can buy a pair -- and probably should, if only to know how great a small speaker can be. Time hasn't been as much on my side as it's been on KEF's -- the LS50 is one of their best speakers yet, and one of their best values; it's proof that, as it ages, this company seems to get better and better."
