KEF Q750 Orah Podnostojeći Zvučnik

Šifra: 12250

Kategorija prozivoda: Podnostojeći Zvučnici

Proizvođač: KEF

Cena: 59.880,00 rsd

KEF Q750 Speakers deliver intricately detailed sound thanks to the brand's emblematic Uni-Q driver, a resilient 165mm aluminum bass driver and two ABRs. The Q750 updates and surpasses the Q700 and is the middle sized floor standing speaker in the KEF's innovatively redesigned Q-Series.

Intricately Detailed Sound

The Q750 showcases a closed box midrange cabinet design that lessens the pressure on the midrange cone. As a result, you can enjoy a clear and detailed sound performance including a more vibrant bass

Alongside this, the removal of the DC blocking capacitor further enhances the mid-bass driver and offers a seamless bass roll-off between the Q750's two drivers.

Pioneering Driver Design

KEF's signature Uni-Q driver encapsulates the high-performance quality of the updated Q Series. In a pioneering move, the tweeter is situated in the acoustic mid-point between the bass cone and the midrange. Consequently, you can lose yourself in a more accurately detailed 3D soundscape.

Added to this, the sound travels more evenly around the room, much more equally than other speakers. The super-side dispersion offered by the Uni-Q is further improved by KEF's emblematic 'tangerine' waveguide covering the tweeter dome.

Enhanced Treble Performance

The lower treble performance of the Q750 is significantly enhanced by the addition of a damped tweeter loading tube that offers a soft finish to the noise created from the rear of the tweeter. Added to this, you can enjoy a cleaner bass thanks to a new low-distortion inductor on the crossover.

SPECIFICATIONS

Model:	Q750
Pesign:	Two and a half-way bass reflex
rive Units:	165mm aluminium Uni-Q, 25mm vented aluminium dome HF, 165mm aluminium LF, 2 x 165mm aluminium ABR
requency Range Free Field:	42Hz (-6dB)
requency Response:	48Hz-28kHz (±3dB)
rossover Frequencies:	2.5kHz
laximum Output:	111dB
mplifier Requirements:	15-150W
ensitivity:	88dB
lominal Impedance:	8 Ohms (min.3.8 Ohms)
Pimensions	(H x W x D): 923 x 210 x 306 mm 977 x 323 x 310 mm (with Plinth)
Weight:	16.5kg
Jnit Measurement:	Pair
