WIRELESS MULTI-ROOM READY

The Klipsch Reference RSB-14 sound bar is part of the Klipsch Stream Wireless Multi-Room System: an all-encompassing solution for distributing audio throughout your home. Listen to internet radio stations, streaming services, your personal digital music library, CDs, DVDs, etc. For a list of supported streaming services, visit www.klipsch.com/stream. Download the Klipsch Stream app (available for iOS or Android), connect the RSB-14 to your Wi-Fi network, and enjoy. Expand your system to add multiple rooms of audio in your home with other Klipsch Stream Wireless Multi-Room Audio products.

TRUE 2-WAY BI-AMPLIFIED SOUND BAR

Two 3/4" horn loaded textile dome tweeters with 90° x 90° Tractrix® horns deliver crisp highs, while four 2 3/4" woofers round out the enhanced sound with clear vocals and dynamic soundtracks. Includes DSP-controlled crossover via separate amplifier channels for tweeter and woofer.

HDMI 2.0 FOR 4K VIDEO PASS THROUGH

Whether or not you already have a 4K TV, the Klipsch Reference RSB-14 sound bar is the best choice for superior sound. Three HDMI 2.0 inputs with HDCP 2.2 provide for easy connection of your cable/DSS box, Blu-Ray player, and gaming system. One HDMI cable out to your TV provides for a superior picture. One HDMI cable is included.

OPTICAL AND ANALOG AUDIO INPUTS

If you haven't made the jump to a TV with HDMI yet, we've included an Optical Digital (TOSLink) and Analog input.

BUILT-IN DOLBY AUDIO® DECODING

Dolby Audio decoding provides crystal clear audio and prevents jumps in volume as you switch content or go from broadcast programs to commercial breaks.

PERFECT FOR LARGER TVs

The RSB-14 is 44 inches wide: a perfect match for TVs 50 inches or larger.

8-INCH WIRELESS SUBWOOFER

An 8-inch side-firing driver and professionally-tuned ported cabinet

delivers earth-shaking bass worthy of a movie theater.

COMPATIBLE WITH MOST BLUETOOTH® WIRELESS

ENABLED DEVICES

Including mobile phones, audio devices, and computers for wide-ranging use.

VIRTUAL SURROUND MODE

Klipsch optimized surround sound.

DIALOGUE ENHANCE MODE

Increases the dialogue volume for enhanced vocal clarity without

increasing ambient sounds.

NIGHT MODE

Adjusts dynamic range for quieter listening environments.

WIRELESS REMOTE CONTROL

An easy-to-use wireless remote control is included in the box.

FLEXIBLE PLACEMENT OPTIONS

Keyhole mounts for easy wall mounting and rubber feet for stable TV stand placement are included.

Klipsch Music streaming partners:

Spotify	Pandora	Tidal
	SiriusXM	Amazon Music
	iHeart radio	Napster

Looking for something that is a bit louder? You are right with us. The RSB-14 is our soundbar and wireless subwoofer system. You will experience an incomparable cinema sound with a deep, rich bass that scares and scares your friends and family ... and your neighbors as well.

The RSB-14 soundbar and the wireless subwoofer can be combined with all Klipsch streaming products in your home as part of the Klipsch wireless system for streaming in multiple rooms, giving you incredible wireless sound in all rooms.

Better sound immediately

The Klipsch Reference Soundbars can be quickly connected to your TV and deliver immediate home cinema. The integrated Dolby® digital decoder takes over the direction and ensures that the Klipsch Reference Soundbars automatically output detailed sound with high output power, in rooms of any size and regardless of the sound format coming from the TV output.

Synchronization + Surround

All Klipsch Reference Soundbars are compatible with smartphones, audio devices and computers via Bluetooth®. Our soundbars also control the virtual surround mode for optimized three-dimensional surround sound effects for your music and film sounds.

Wireless subwoofer

When we say that Klipsch Reference Soundbars are real home kits, then we mean the same. Each soundbar is paired with a wireless subwoofer, which provides you with optimal, powerful bass from every corner of a room. The 2.4 GHz technology automatically connects the soundbar and the subwoofer by radio. They only have to choose where the boom is coming from.

Looks good and sounds so

Each Klipsch Reference Soundbar comes with an elegant remote control that lets you control your system from the comfort of the sofa. Thanks to removable feet and keyhole brackets, you can choose whether you want to put the soundbar in front of the TV or rather want to attach it to the wall. Simple, minimalist details in black and a small stand make for a seamless insert into your decor.
