

MARANTZ MCR611 Apple white

MARANTZ MCR611 Apple white

Šifra: 10463

Kategorija proizvoda: Mini Linije i All In One Plejeri

Proizvođač: Marantz

Cena: **59.880,00** rsd

Akcijaska cena važi za gotovinsko i virtmansko plaćanje

New Bluetooth with NFC boasts connectivity options further and iDevices can be hooked up via a front facing USB port, with an extra rear port for convenience. And there are two digital inputs for connection to a TV. The Melody Media now supports Spotify Connect, as well as a host of other digital media and streaming features. Alongside listening to millions of songs on the world's most popular online music service, it allows playback of music libraries stored on a NAS (Network Attached Storage) or a computer, provides access to thousands of free internet radio stations, and even supports Apple AirPlay. Listeners can also take control via an Android and iOS compatible Marantz Hi-Fi Remote app. An additional new feature is the speaker A / B configuration, allowing individual volume control for A and B, or master volume control for A and B. Use the Melody Media not just to flood one room with music, but two. This is real versatility in elegant housing. The M-CR611 also supports ALAC, as well as 192kHz / 24bit high-resolution WAV, FLAC, AIFF files, 2.8MHz DSD file and Gapless playback.
