

MARANTZ SR7013 Black 9.2 Channel 4K Ultra HD AV Receiver with IMAX Enhanced, Dolby Atmos, Auro-3D, HEOS, AirPlay 2 and Alexa Voice Compatibility

Šifra: 12955

Kategorija proizvoda: AV Pojačala i Risiveri

Proizvođač: Marantz

Cena: **185.880,00** rsd

The SR7013's future proof advanced video section is fully compatible with the latest HDMI and HDCP 2.2 specifications on all 8 HDMI inputs and 3 outputs. With 4K Ultra HD 60Hz video, 4:4:4 Pure Color sub-sampling, High Dynamic Range (HDR), HLG (Hybrid Log Gamma), 21:9 video, 3D, and BT.2020 and Dolby Vision pass-through on every input, the SR6013 is absolutely future-proof. And in addition eARC (Enhanced Audio Return Channel) for full resolution 3D audio via ARC is supported too.

Built-in HEOS wireless multi-room music networking technology means the SR7013 can integrate with other HEOS products to enable you to enjoy your favourite music around your home. Explore, browse, and play your own music library, and access online streaming music service and thousands of internet radio stations using the free HEOS app, while Bluetooth and AirPlay 2 let you stream music directly from any compatible device. Use voice control in combination with an Amazon Echo device to expand the experience even further.

DTS:X

DTS:X immersive audio places sound where it would occur naturally in space, creating a lifelike, multi-dimensional audio experience in the home. The improved immersion and heightened realism draw you into the world of your favourite movies. The included spatial remapping engine, DTS Neural:X, gives your movie, game and music collections a new lease on life! DTS:X brings the theatre home, even without overhead speakers installed.

Dolby Atmos

Feel every dimension in Dolby Atmos. Dolby Atmos transports you into the story with moving audio that flows all around you with breathtaking realism. Enjoy a 5.1 or even 7.1 surround sound speaker system and 4 additional overhead speakers or 4 Dolby Atmos elevation speakers (7.1.4 with additional 2 channel amplifier) for the ultimate home theatre experience - including Dolby Surround upmixer for legacy content.

Amazon Alexa

Enjoy hands-free control with Amazon Alexa and your voice. Adjust the volume, skip to the next track, switch inputs for your different media players and more "Just Ask." Download the HEOS Home Entertainment Skill to enable Amazon Alexa voice commands for SR7013, HEOS devices and other selected Marantz products. An Amazon Echo device is required.

Latest HDMI Connectivity

Supports 4K Ultra HD 60Hz video, 4:4:4 Pure Color sub-sampling, High Dynamic Range (HDR), 21:9 video, 3D, and BT.2020 and Dolby Vision pass-through support is available on every input, with pass-through for HLG (Hybrid Log Gamma), a new broadcast HDR format. HDCP 2.2 compatibility for 4K Ultra HD copy-protected content, means the SR7013 is ready for the next generation of disc players, set-top boxes & 4K

Ultra HD streams & downloads. Its video processor can transcode and upconvert analogue and digital video content to 4K Ultra HD.

HEOS Music Streaming

The SR7013's built-in HEOS technology allows you to stream and play back your favourite music wirelessly from literally unlimited sources. Enjoy music from Spotify, TuneIn Internet radio, Sound Cloud, Tidal, Napster, Deezer, Amazon Music or your local music file libraries. With additional HEOS components like the HEOS speaker range or other HEOS-capable receivers, you can play all your music throughout the whole house. Control it all effortlessly with the free HEOS app.

Multi-Source/Multi-room

Whatever your family's entertainment needs, the SR7013 delivers: you can enjoy 7.1-channel surround sound in the main room, and at the same time play stereo sound from another source in a different part of the house. Simply connect a pair of stereo speakers to the multi-room amplified outputs, or hook up a separate stereo amp and speakers to the Zone 2 pre-outs.

Built In Bluetooth & Wi-Fi

Featuring Bluetooth & Wi-Fi streaming connectivity, the SR7013 is equipped with an advanced dual antenna transceiver system, for robust streaming even in congested urban environments. With Apple's AirPlay 2 compatibility, you can enjoy listening to your favourite tracks wirelessly from your favourite iOS device such as iPhone and iPad.

Hi-Res Audio

Discover the incredible fidelity of high resolution audio with the SR6013's ability to decode up to 24-bit/192-kHz ALAC, FLAC and WAV lossless files as well as DSD 2.8MHz and 5.6MHz tracks (the audiophile format of SACD). Play hi-res music via the front panel USB port and network sources, and also listen to other popular file types such as MP3.

32-Bit D/A Conversion

For optimum fidelity and the widest dynamic range with lowest distortion, the SR7013 features advanced reference-class 32-bit AKM D/A converters on all channels. This ensures consistent high fidelity and precise channel matching across all channels for the ultimate listening experience.

Smart TV Connectivity

Via the HDMI CEC (consumer electronics control) functionality on some Smart TVs, it's possible to control the SR7013 with the TV's remote handset. With the receiver's "HDMI control" set to ON, set "Smart Menu" receiver control functions and the TV's Smart Menu home screen will provide you direct access to source and surround mode selections, the main setup menu, and Smart Select configuration presets.

MultEQ Editor App

The SR7013 supports the brand-new Audyssey MultEQ Editor App. Go ‘under the hood’, view and adjust settings for detailed tuning, customize the sound more precisely to the specific problems in your room, and tailor the sound to your personal preferences. The Audyssey MultEQ Editor app, for Android and iOS, is available for purchase from the Apple AppStore or Google Play Store.

Auro-3D

Putting you in a cocoon of life-like sound. Auro-3D elevates the home theatre experience to amazing new levels by delivering the excitement of three-dimensional sound for music, games, broadcast, and films while enhancing your existing audio-visual collection, thanks to Auromatic up-mixing engine.

11.2 channel AV Receiver with 9x 200 W amplification power - Enough power to fill big rooms with renowned Marantz sound	4K/60 Hz full-rate pass-through, 4:4:4 color resolution, HDR, BT.2020 , Dolby Vision and Hybrid Log Gamma pass-through - Latest HDMI standard for future-proof compatibility	Integrated analogue collection
	HDMI eARC - eARC (Enhanced Audio Return Channel) supports Dolby Atmos or DTS:X from your TV apps with a single HDMI connection for the simplest setup	Simplified Smart control
	8 HDMI inputs (incl. 1 front) with full HDCP 2.2 support; 3 HDMI outputs (inc Zone 2) -Extended connectivity: ready to feed a TV and projector in parallel, and even a display in a second room	Analogue Upscale

analogue sources

Dolby Atmos (up to 7.1.4 with an external 2ch amp), DTS:X (from 2.1.2 up to 7.1.4 with ext. amp), & Auro 3D built-in - Immersive sound from all 3D formats available
