The Mania EFX500 is a powerful, "full house" 250 W halogen effect that kicks out a dizzying array of razor sharp effects and patterns.
It features dazzling new graphical looks from a combined color and gobo wheel cast from a rotating and swivelling mirror drum. Other effects can be achieved through electronic dimming, strobe effects and manual focus. The result is a unique, high powered yet low priced effect light.
Designed for both installation and portable use, this versatile effect light includes a number of mounting options yet is durable enough for life on the road. Ideal for any show, club, or party, the compact EFX500 is DMX controllable for ultimate manageability or default to the music or auto trig. Built in macros are included for easy impression and fast and simple programming.
Combine the superior quality of the Mania brand with the unmatched value of a long life halogen lamp (1000 hours, included) and users will experience incredible savings over other lights in its class. And for easy serviceability, the lamp in the EFX500 is a breeze to replace.

And as with all Mania products the EFX500 is officially ETL, cETL and CE approved meaning users are assured of the fixtures' safety and performance.
