Mix In Living Color

With 4channels of software control, 16 multi-color drum pads, and color-customizable dual-zone platters, Mixtrack Quad is the only four-channel controller in its class to have dedicated mixing controls for all four decks.

4-Channel Lighted Performance Control

You get four channels of software control to mix and match tracks, juggle beats, or completely deconstruct, mix, and match tracks.

16 Chromatic Performance Pads

Create loops, launch samples, and control hot cues with the 16 illuminated rubber drum pads. Utilizing its palette of 16 colors, you can create custom loops, launch samples, and control hot cues with the 16 illuminated rubber drum pads.

Pick A Color ... Any Color

Mixtrack Quad is a fully interactive instrument for modern mixing. Its dual-zone platters are color-customizable, so you can create custom loops, launch samples, and control hot cues with the 16 illuminated rubber drum pads.

4-Deck Virtual DJ®LE Software Included

Start mixing right away—with the included 4-Deck Virtual DJ LE software you can starting mixing right away with the included 4-Deck Virtual DJ LE software.

Pro Audio Built In

Getting up and running couldn't be easier—Mixtrack Quad is class-compliant and USB-powered, so there are no power adapters or external audio interfaces required.

The Full-Color DJ Experience

Mixtrack Quad is the only four-channel controller in its class to have dedicated mixing controls for all four decks.
