KOMplete 11 is one of the world's leading collections for production, performance and sound design. Over the years the KOMplete software series has grown in strength with the constant addition of groundbreaking software for composing and producing music on a professional level. KOMplete 11 SELECT is the lightest version of the collection with 11 different products, over 2,500 sounds and over 25 GB of instruments and effects.

KOMplete 11 SELECT includes REPLIKA, REAKTOR BLOCKS WIRED, REAKTOR 6 Player, including the ensembles LazerBass, NewSchool and more. It also includes powerhouse virtual synthesizers MASIVE, MONARK, REAKTOR PRISM, and RETRO MACHINES MK2. There are also sample-based KONTAKT instruments including DRUMLAB, SCARBEE MARK I, THE GENTLEMAN, VINTAGE ORGANS, and WEST AFRICA. KOMplete 11 SELECT is the perfect gateway into the world of KOMplete.
