### NEXT-LEVEL VISUAL FEEDBACK:

MASCHINE STUDIO's hi-resolution color displays keep your eyes on the hardware, not your computer. From browsing sounds and plug-ins to dialing-in effects, it's all right before your eyes. Sample, arrange, mix, perform and stay laser-focused on the groove.

### REDEFINED HANDS-ON CONTROL:

Multi-color pads provide ultimate feel in the thick of the beat. Eight display knobs, edit buttons, and an ultra-precise jog-wheel let you browse, edit, and arrange faster than you ever thought possible. A dedicated level section delivers clear metering and monitoring. And a built-in stand delivers the perfect performance angle.

### POWER OF SOFTWARE:

The included MASCHINE 2 software is exploding with cutting-edge technology. Improved browsing, arranging, and sampling, plus a new mixer, plug-in strip, and exclusive drum synths. Get ready for the most responsive, fluid, and musical beatmaking experience ever.

### SUPREME SOUNDS INSIDE:

Get inspired by over 22 GB of sound. Create your own drums with sonically-outstanding drum synths, and dial-in 25 pro-grade effects directly from the hardware. Plus, you get KOMplete SELECT - a premium selection of 10 KOMplete Instruments and Effects. Get a full suite of professional sound right out of the box and control it all from your MASCHINE hardware.

### THE WORLD OF MASCHINE:

Explore the entire [the MASCHINE family](#) - integrated software/hardware systems for advanced, intuitive groove production. Cutting-edge MASCHINE 2 software features a powerful audio engine, unlimited groups and effects sends, multicore support, MASCHINE 2 Drum Synths, scale, arp, and chord functions, and much more. And three flavors of hardware deliver the perfect beat making tool for every studio.

### UNSTOPPABLE TEAM:
