Red Wave headphones are designed specifically for the professional DJ. They employ a comfortable, closed-cup design for great isolation from outside noise. Red Wave's large, 50 mm neodymium drivers produce clean, powerful output. Designed by DJs for DJs, these headphones have a convenient, swiveling design on one cup so they're easy to wear one-sided between the ear and shoulder. The ear cups also have breathable protein-leather for DJs to remain comfortable during prolonged use. Red Wave's sleek, modern design ensure they look as good as they sound.
