HDMI 4 In / 1 Out for UltraHD

UltraHD

All HDMI terminals support the latest TV video displays, and HDCP 2.2 copy protection encoded in content from movie studios, broadcasters, and streaming services, for next-generation UltraHD.

True Power from Discrete Amplifiers

Image not found or type unknown

True Power from Discrete Amplifiers

Discrete amps deliver high instantaneous current to increase speaker control for accurate and dynamic audio reproduction. This precise power is the cornerstone of Onkyo's amplification philosophy.

Bluetooth Audio Streaming
