Phonic's Powerpod 1860 Plus powered mixer is built into a compact and durable molded cabinet with removable cover and sturdy carry-handle. Each Powerpod 1860 Plus has a built-in 800 Watt stereo amplifier which is both bridgeable and patchable. Super Hi-Z inputs allow for the addition of guitars and other instruments. The mixers feature onboard DFX, our own 32/40-bit digital effects processors with 100 preset programs, plus tap delay effects and test tones. The 3-band EQ on every channel and dual multi-band graphic EQ with selectable In/Out switches give you maximum control over your mix.
