RHQNI& Rowerpad Kila-Rlus - Aktivna mikseta - Mikset

Phonic's Powerpod K12 Plus powered mixer features a grand total of 12 input channels – each offering 3band swept-mid EQ, gain control, and more – as well as a built-in power amplifier outputting up to a staggering 1000 Watts of shear power. Encompassing two built-in digital effect processors, each featuring 100 mind-blowing effects, the K12 also offers a sturdy yet light-weight construction due to the switch from heavy transformers. Moreover, it features a protective cover – protecting the surface from damage, dust and normal wear and

tear sustained during transit. Perfect for use in clubs, houses of worship, function halls, bars, and other settings requiring a moderately sized, highly portable powered mixer.

1000W 12 Input Powered Mixer with GEQ and DFX
