MARANTIZURM 6005 uSither Gold

## MARANTZ PM 6006 Silver Gold

Šifra: 11026 Kategorija prozivoda: Integrisana Pojačala Proizvođač: Marantz

# Cena: 53.880,00 rsd

ONGETOTRON855tBpe unknown

The PM6006 is an upgraded successor of the multi-award-winning PM6005. Of course, Marantz have retained the pre-amp and power-amp sections that exclusively feature discrete components not a single IC in sight of the signal path. The PM6006 is upgraded for peak current at the amplifier stage, which makes it possible to refine the sound for you in much more detail. You can connect this superb integrated amplifier directly to a vast range of digital sources and use its superior 24bit/192kHz high current CS4398 DAC to create an unbelievably high level of audio enjoyment with new media.

Furthermore, the unit includes now 2 optical and 1 coaxial digital inputs (an additional optical input from the predecessor, PM6005). And the complete digital section is fully shielded by an extra metal housing to ensure that the digital stage has no effect on the analogue signal. And of course all of the original features such as five-line audio input including phono, two-pairs of gold-plated speaker connections with the convenience of bi-wiring, and a remote handset are all still there. The lower impedance shielded Toroidal transformer, as well as customized components and unique Marantz HDAM modules care for powerful, dynamic and detailed original Marantz sound.

Integrated Current Feedback Amplifier with 2x 45W / 8 ohm rms

Gurrent Feedbacke Technology Current Feedback Technology Current Feedback amplification is a well known, Marantz' original circuit technology. The Current

Feedback

amplifier technology fits perfectly with the high requirements set for Super Audio software providing widebandwidth, highspeed reproduction. The impedance at the Current Feedback point is limited resulting in a very low phase shift. Marantz receivers and amplifiers equipped with Current Feedback can keep the phase compensation via Negative FeedBack (NFB) to а minimum, resulting in high throughrate, excellent transient response and superb sonic transparency for the

full bandwidth. Unlike

Image not found or type unknown "Switching between the PM6006 and its predecessor, we notice the 6006's presentation is notably cleaner and clearer - more solid too particularly through the midrange."

### Features

Channels	2
Current Feedback Topology	Yes
Phono EQ	Standard
Digital In: USB-B / optical / coaxial / USB-A	No / Yes / Yes / No
Sample Rate Digital In	192 kHz / 24-bit
DAC Chip	CS4398
HDAM Version	SA3, SA2
Power Transformer	Toroidal
High Grade Audio Components	Yes
Customised Components	Yes
Aluminium Extrusion Heat Sink	Yes
Balance / Bass / Treble / Loudness	Yes

### Others

Linear Drive Power Supply	Yes
Linear Volume Control	Yes
Shottky Diodes	Yes
Source Direct	Yes

Inputs / Outputs

Audio Inputs	5
Digital in: USB-B / optical / coaxial / USB-A	No / Yes:2 / Yes / No
Phono Input	MM
Audio Outputs	1
Gold Plated Cinch	Yes
Speaker A / B	Yes
Speaker Terminals	Metal (Gold) Screw
Number of Terminals	4
D-Bus	Yes
Headphone Out	Yes
Specifications	
Power Output (8 / 4 Ohm RMS)	45 W / 60 W
Frequency Response	10 Hz - 70 kHz
Total Harmonic Distortion	0.08 %
Damping Factor	100
Input Sensitivity: MM	2.2 mV / 47 kOhm
Signal to Noise Ratio: MM / MC	83 dB / -
Input Sensitivity: High level	200 mV / 20 kOhm
Signal to Noise Ratio: High level	102dB(2V input)
General	
Available Colours	Black / Silver-Gold
Metal Front Panel	Yes
Power Consumption	155W
Standby Consumption	0.3W
Auto Power Off	Yes
Detachable Power Cable	Yes
Remote Control	RC003PMCD
System Remote Function	Yes
Maximum Dimensions (W x D x H)	440 x 370 x 105mm
