Q ACOUSTICS 2050i Speaker Gloss White

Šifra: 9875

Kategorija proizvoda: Podnostojeći Zvučnici

Proizvođač: Q ACOUSTICS

Cena: 29.880,00 rsd

The revamped crossover and upgraded woofer melds with the treble to deliver a seamless mid-range. Married with the bass's long-throw design, the finely-crafted set will fill your room with exquisite audio. The twin-woofer design and large cabinet give the 2050is impressive punch that's sure to add some thump to your sound system.

Deluxe Construction

This pair's flush-mounted drive units and curved edges not only make it look stunning, it helps the sound too. Whether they sit either side of your TV to boost its audio or nestle next to your hi-fi system, this pair won't let you down.

2050i Speaker

Visually striking in the new Piano Black high gloss finish, the 2050i, the exquisitely proportioned flagship of the 2000i Series, is both sonically and aesthetically enhanced by its integral steel plinth with 'top configurable' floor spikes.

Twin 165mm drivers deliver exceptional bass extension, midrange openness, clarity and smooth detailed high frequencies. They are ideal for both music and high energy movies. The overall sonic performance of this outstanding loudspeaker belies its affordable price.

Q ACOUSTICS 2050i Speaker Gloss White

Crisp, Distortion-Free Sound

A large part of this pair's polished sound is the tweeter and woofer separation. In other speakers, the tweeter may be distorted by the vibration of the woofer's bass. With the 2050is, the two units are separate so they can perform at their best. This neat touch helps deliver ultra-touch results. Furthermore, the tweeter has a soft-domed shape and the woofer has ceramic-coated paper cones. This makes output extra-smooth.

Balanced Bass & Treble
