### Accurate Video and Audio Performance

Independently tested to 13.5Gb/s\* to deliver High Speed w/Ethernet and exceed the requirements of the latest HDMI specification.

Supports Full HD, 3D, 4K and Deep Colour.

### Low Jitter

Profile eFlex HDMI measures at less than 70ps of jitter to deliver accurate timing of video and audio data.

### Compact and Discreet Design

With an all new miniature plug body design, the minimum clearance required for this cable is now a tiny 40mm which means it will disappear completely behind any wall mounted or free standing display.

### eFlex Cordage

The e-Flex jacket is comprised of a special PVC compound which makes the cable extremely flexible, enabling it to be used in tight spaces between the TV or projector and the wall.
