**Cena: 17.880,00 rsd**

Digital assistant control via remote and mic  
Noise isolating, Aerophonic™ design in steel

12 hours playback; 30 days standby  
High fidelity aptX™ streaming for compatible devices  
Weather, sweat and splashproof to IPX4

### Power all day

### 12 hour playback

Enjoy high fidelity listening throughout the day with 12 hours playback time.

To ensure you're never without your soundtrack, the MA750 Wireless features an LED battery level indicator and a power saving auto off function after twenty minutes of inactivity.

### Premium wireless audio

### Bluetooth, aptX™ technology

Combining performance with convenience, the MA750 Wireless combines the MA750i's acclaimed 560.1 driver, Bluetooth technology and high fidelity aptX™ streaming to deliver wireless listening as it should be experienced. An easy-pairing NFC chip connects to your device quickly.

A remote and microphone supports track and call control, and full compatibility and control for all Apple, Android and other digital assistants.

### Design

Splash and sweat resistant to IPX4, the MA750 Wireless is designed for outdoor and active use. The lightweight, contoured silicone neckband sits naturally on the shoulders. When not in use, the magnetised steel housings keep the headphone secure and out of the way.

### Designed for Clarity

### Signature Aerophonic™ Design

RHA's signature, noise isolating Aerophonic™ design delivers authentic audio and comfort. The 560.1 driver used in the acclaimed MA750 and MA750i produces balanced and accurate audio with an astonishing soundstage.

The housings are finished in 303F-grade stainless steel; a material that combines durability and aesthetic finesse.
