## Road Ready RRDJCD12W

Road Ready's CD Player Coffin is designed to hold two Pioneer CDJ800s, two CDJ1000s or two Denon DN-S5000 CD players, as well as a 12" mixer. The mixer sits between the CD decks for fluid and intuitive control. Two removable front panels provide easy access to your CD drawers. Connecting and disconnecting cables is a snap via the rear access cable port. And transportation couldn't be easier; just pick up one end and roll on the low profile wheels. Other professional features include recessed hardware, stackable ball corners, foam lining, industrial rivets and Road Ready's Limited Lifetime Warranty.
