MARTIN RUSH Club Smoke Dual Fluid 5l - tečnosti za dim mašine

Šifra: 12789
Kategorija prozivoda: Tečnosti i Arome
Proizvođač: Martin

Cena: 3.000,00 rsd

HYBRID EFFECTS FROM ONE FLUID
RUSH Club Smoke Dual Fluid is a true hybrid fog and haze fluid. The semi-translucent haze effect lasts upwards of 45 minutes in the atmosphere and ensures a smooth field of persistent haze that will accent your lighting all night long whilst the fog effect delivers deep white bursts of fog to energize the room. The combination of fog and haze in one fluid with the RUSH Club Smoke Dual system means less concern on keeping several machines full of fluid, meaning you can focus on your show.

MARTIN HERITAGE
For 30 years, the Martin brand has been the leading choice of professional lighting designers, rental and production houses, and installers across the global architectural, commercial, and entertainment lighting markets. With the RUSH series, Martin is bringing its industry-leading excellence in dynamic light and visual effects to new audiences by providing more affordable and easier-to-use models, while still retaining a die-hard dedication to quality and our customers.

PREMIUM EFFECTS FLUIDS BY MARTIN
Martin fluids are produced at our state-of-the-art, semi-automated fluid production facility in the United Kingdom. A virtually sterile environment is our guarantee of a pure and precise product that delivers the same effect over and over again. This means that Martin fluid never comes in contact with the environment, or humans, thereby ensuring a 100% bacteria free and sterile fluid. Our production facility is ISO 9001 accredited, an internationally recognized standard of quality in manufacturing standards, documentation and administrative procedures ensuring superior quality and safety of the materials being used in our fluids. Nowhere else in the industry will you find the same attention to detail, safety and environmental consciousness. Martin fluids are also widely available throughout the world ensuring your show will go on.

FLUID THAT WE STAND BY
If you think all effect fluids are the same, think again. RUSH Club Smoke Dual Fluid has been crafted to deliver exceptional results including our benchmark density, hang time, and pure white color—while still remaining economical. Our manufacturing process removes all mineral content from the fluid ensuring little residue is left behind on your prized equipment and performance surfaces. We also use the highest-grade active ingredients, and microprocessor-controlled heat exchangers to ensure that haze and fog is produced safely for you and your audience.

Features

- Water-based fluid formula leaves little residue
- Produced with ultra-pure, de-ionized water
- One fluid produces both fog and haze effects
- Long hang time maintains haze for extended time
- Available in various size containers to suit your needs
- For use with the RUSH Club Smoke Dual effect system
